

NAME

mplist_next – Return the next sublist of a property list.

SYNOPSIS

MList* **mplist_next** (**MList** * *plist*)

DESCRIPTION

Return the next sublist of a property list. The **mplist_next()** function returns a pointer to the sublist of property list **plist**, which begins at the second element in **plist**. If the length of **plist** is zero, it returns **NULL**.
